VOLUME CVI.---NO 150. ALEXANDRIA, VA., MONDAY EVENING, JUNE 26, 1905. PRICE 2 CENTS.

DON'T BE HYPNOTISED,

Hoodwinked, hoodooed, or over-persuaded into accepting a substitute for Doctor Pierce's Favorite Prescription with its record of nearly 40 years, embracing hundreds of thousands of cures of woman's peculiar ailments. It's the only remedy for woman's ills sold by druggists, that is not full of "booze"—poor whisky, or bad alcohol.

A guarantee of $1000 is offered that "Favorite Prescription" contains no alcohol, opium or other harmful drug. Keeps in any climate.

"Favorite Prescription" is a powerful invigorating tonic, and imparts strength to the whole system and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

It's an insult to your intelligence for a dealer to attempt to palm off upon you an alcoholic *substitute* for this world-famed medicine. You *know* what you want. It's his business to *meet that want*. When he urges some *substitute* he's thinking of the larger profit he'll make—not of your welfare.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 300,000 copies a few years ago, at $1.50 per copy. Last year we gave away $50,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will you share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only, for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

If out of health, write to old Dr. Pierce. He will send you good, fatherly, professional advice without charge.

Pierce's Pellets These sugar-coated Pellets are the smallest, the easiest to take, and the easiest in the way they act. No griping, no violence, no disturbance to the system, diet or occupation. They are the Original Little Liver Pills, first put up by old Dr. R. V. Pierce, over 40 years ago. They have been much imitated but never equaled. They come in vials, always fresh and reliable: a convenient vest-pocket remedy.

THE REAL TEST

Of Herpicide Is In Giving It a Thorough Trial.

There is only one test by which to judge of the efficiency of any article and that is by its ability to do that which it is intended to do. Many hair vigors may look nice and smell nice, but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gets its life.

Letters from prominent people everywhere are daily proving that Newbro's Herpicide stands the "test of use."

It is a delightful dressing, clear, pure and free from oil or grease.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

are caused by Indigestion. If you eat a little too much, or if you are subject to attacks of Indigestion, you have no doubt had shortness of breath, rapid heart beats, heartburn or palpitation of the heart.

Indigestion causes the stomach to expand—swell, and puff up against the heart. This crowds the heart and interferes with its action, and in the course of time the heart becomes diseased.

Kodol
Dyspepsia Cure

digests what you eat, takes the strain off of the heart, and contributes nourishment, strength and health to every organ of the body. Cures Indigestion, Dyspepsia, Sour Stomach, Inflammation of the mucous membranes lining the Stomach and Digestive Tract, Nervous Dyspepsia and Catarrh of the Stomach.

After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.
MRS. LORING NICHOLS, Penn Yan, N. Y.

I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me.

Race Riot in Delaware.

Probably the worst riot that ever happened in Sussex county, Del., occurred at Greenwood Saturday night, in which 200 whites and half as many negroes participated.

The trouble started about 11 o'clock, when three negroes beat into insensibility a half-witted white man employed at Martin H. Fox's sawmill, near Greenwood. The white man was slightly intoxicated and got into an altercation with the negroes. They took advantage of him, and he now lies in a critical condition.

The news soon spread among the whites, and a general fight issued. Two hundred of them, with clubs, pistols and bottles, began to rid the town of the negroes. Every negro, whether woman or man, found was run out of town, and several pitched battles took place. The porch of a house near the heart of the town was nearly torn down by the fighters.

A dozen negroes who were caught near town were beaten into insensibility by the angry mob. The whole town was aroused and the fighting continued until early yesterday morning. Several of the whites who were not armed secured beer bottles and threw at the howling mob of negroes. Not until every negro had fled the town was quiet restored, and it came near being resumed yesterday, when scores of negroes flocked to the different doctors' offices to have their wounds attended to, but cooler heads prevented further trouble. As far as can be learned no one was killed.

France and Germany.

Speculation is rife in Paris regarding the probable purport of Germany's reply to the French note regarding the proposed international conferences over Moroccan affairs, which reply has not yet been received. The statement that Germany would refrain from replying before further verbal explanations took place between Premier Rouvier and Prince Radolin, the German Ambassador, is not regarded seriously in well-informed circles, where it is thought probable that an interview will not take place before Wednesday, when the reply from Berlin may reach Paris, but the officials are without definite information on this point. It is alleged that the contents of the reply were given out yesterday, in which Germany requests a clearer statement of the French programme for Moroccan affairs, suggesting that each subject be discussed separately in accordance with the terms of the Madrid convention, the two points principally referred to being coast trading and frontiers, and that should France accept Germany would abandon the idea of the conference. This, however, is regarded as a surmise. Meanwhile public anxiety relative to eventualities, though somewhat abated, is still intense. The press continues to advise patience and confidence in the efforts of the French government to arrive at a pacific settlement.

All Wanted the American Lady.

An amusing hoax was perpetrated at Barcelona Friday, by which 400 young men were made to look supremely foolish. An advertisement appeared in the local newspapers a few days ago to the effect that a young and wealthy American lady desired to meet an elegant young Spanish gentleman with a view to matrimony. Applicants were invited to send their photographs and addresses. More than 400 candidates applied, and each received a letter informing him that he was the accepted suitor, and asking him to meet the advertiser at a farm, situated outside the town, at a certain hour.

The 400 candidates, all dressed in their very best clothes, put in an appearance, and when they found they had been cleverly hoaxed a ludicrous scene ensued. Finally they organized a hostile demonstration, and marched to the advertising office from which the "American lady's" announcement had been dated.

But for the timely arrival of the police the office would have been wrecked by the crestfallen young gallants.

Disappearance of Young Woman.

A special dispatch from Saranac Lake, N. Y., says:

"Great excitement prevails here over the strange disappearance of Miss Rogers, said to be a wealthy Virginian, who came here May 30 with Mr. Willoughby N. Smith, of Baltimore, who says he is her legal representative, and Miss Janney, a nurse, of Washington. Miss Rogers was missed early Saturday morning from her room in the Baker cottage, noted as the home of Robert Louis Stevenson during his stay in the Adirondacks. The window screen was cut. The young woman wore only her night robes. Mr. Smith refuses all information except that Miss Rogers came from Virginia, suffered from melancholia and slight lung trouble. An odd feature of the case is that on some dust outside the girl's window were the imprints of two bare left feet. There was no imprint of a right foot.

"Mr. Smith appeared before Justice Strong last night in response to a subpœna. He testified that Miss Rogers was from Leesburg, Va.; that she suffered from acute stomach trouble, and that she had met with some financial reverses."

Shot Woman Five Times.

Katie Hill, a white woman, living in Roanoke, was shot five times at an early hour yesterday by Stephen N. Gill, a well-known saloon-keeper. Gill went to the Hill woman's house after midnight and took offense at the presence of a man whom he found asleep on a sofa in the parlor. The Hill woman threatened to have Gill arrested, and began putting out the lights. Gill, becoming further enraged, drew a revolver and emptied every chamber at the woman, who was in a dimly lighted hallway when the shooting began. One bullet took effect in the side, another in the shoulder and a third shattered the bones in the arm. The fourth and fifth shots lodged in the right and left thigh. The woman is seriously wounded, but will recover. Gill was captured several hours after the shooting and released on $800 bail.

A Modern Don Juan.

The trial of Michael Modugno, aged 22, a distant relative of Captain Mudugno, who is on trial at Perugia on the charge of shooting his wife, began at Milan Saturday. Mudugno, after seducing his mistress's daughter, spending her dowry and deserting from the army, posed as the Count Caracciolo, in which disguise he captivated the Duchess Tolanda Villaflorita, a vaudeville performer known on the stage as Tina Despada, whose mother caused his arrest, owing to his extortion of money from her.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle, with chronic stomach and liver trouble, but at last I won and by the use of Electric Bitters. In unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold, under guarantee to do the same for you, by E. S. Leadbeater & Sons, druggist, at 50c. a bottle. Try them today.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay, of Fort William, Ontario, Canada, who was suffering quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by Gibson & Timberman and W. F. Creighton & Co.

MONDAY EVENING, JUNE 26, 1905.

IT IS SAID that the sharp difference of opinion between the President and Secretary Metcalf, which has been developed by the Chinese question, may force Mr. Metcalf out of the Cabinet. Mr. Metcalf is from California, where the sentiment against the Chinese is the strongest. If Mr. Metcalf were caught between the sentiment of the demagogues of his own State, who insist on the exclusion of all Chinese, and a policy of the President providing for the admission of the better class of Chinese, he probably would resign rather than to chance his political future in California by carrying out a policy which he says would be obnoxious to the State. This being the state of the case Mr. Metcalf should not stand upon the order of his retirement from the Cabinet but retire at once—or be put out. The bigoted ideas of such men in over executing a harsh law should not be allowed to jeopardize the lucrative trade this country has with China. No wonder it is said that the question of Chinese exclusion and the threatened boycott of American goods by China is the occasion of some anxiety to the administration. It is well appreciated that the spread of the sentiment in China that the United States is unjust to Chinamen of the better class might undo the work of Secretary Hay in cultivating the friendship of the Celestial Empire by standing fast for China's administrative entity and insisting on the open door policy in the Orient.

BANK DIRECTORS must attend to their duties. This is the purpose of a notice recently given by Comptroller of the Currency Ridgely by which all the directors of a national bank must sign responses to letters from the comptroller concerning laxities or errors. In support of Comptroller Ridgely's action it is pointed out that in nearly every instance of a national bank failure it reveals the fact that the directors were negligent. The cure for this, according to Mr. Ridgely, is in forcing the directors to do their duty. Heretofore the department has received in responses from banks letters signed by the president or cashier. Mr. Ridgely has inserted a notice on all department letter paper that the reply must be signed by all the directors. It is hoped that Mr. Ridgely's sensible plan may prove efficatious; at any rate directors should direct.

THE PRESIDENT is endeavoring to stem the rising tide in China against this country, and has issued orders to the effect that the privileged class of orientals must be shown proper deference when they come to the United States. Recently the Chinese threatened to institute a custom whereby every American who entered the celestial empire would be subjected to fumigation and be compelled to pay five dollars for the ceremony. But the most serious menace to this country is the boycott placed upon American manufactures. The labor organizations have demanded the strict enforcement of the Chinese exclusion act, and while the administration is not anxious to offend that element, it also has the manufacturers at its heels demanding that something be done to retain the Chinese trade.

DURING the Mahone regime in Virginia a cartoon appeared in one of the newspapers of the State representing Gen. Mahone, after having ridden to the gates of heaven upon the back of a negro, turning upon the black and kicking him back to earth. The cartoon could now be reproduced substituting Mr. Slemp for Gen. Mahone. Mr. Slemp having ridden the black for all he is worth, now turns upon him and says the republican party must be a white man's party and that no negroes must be sent to the State republican convention.

GOV. MONTAGUE in his speeches throughout the State makes the frequent declaration that he is not attacking Senator Martin, which frequent declaration causes many to think that the Governor doth protest too much.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., June 26.

President Roosevelt will leave the White House today for the remainder of the summer. He goes to Cambridge, Massachusetts, to attend the Harvard commencement exercises, and deliver an address, thence to Oyster Bay, L. I., which will become the temporary seat of government. He starts at 5:30 this afternoon accompanied by Secretary Loeb, stenographer Latta and the usual guard of secret service men. According to present plans, the President and his family will remain in their home at Sagamore Hill, just outside of Oyster Bay, until the latter part of September, with the possible exception of a short visit to Washington at the time of the assembling of the Russo-Japanese peace commission. Mrs. Roosevelt and Theodore, jr., left this morning, the other younger children having preceeded them last week. Miss Alice will remain at the White House until Saturday when she will start for the Philippines with the Taft party. One of the first official duties to be performed by the President at Oyster Bay will be the receipt of Ambassador Cassini's letter of recall which he will present in person next week. Baron Rosen, Russia's new representative at Washington, who expects to arrive July 6, will hand his credentials to the President a few days later.

This was a day of farewells at the White House. Nearly all the heads of bureaus and departments in town dropped in to say good bye to the President euring the forenoon, and a number of foreign representatives called to conclude their business with the Chief Magistrate for the summer.

Third Assistant Postmaster General Madden has issued instructions to all postmasters that after September 1st, all periodicals containing advertisements printed on sheets of paper which they advertise, such as glazed, waxed, oiled tissue, wall and other papers, the periodicals shall be assessed as fourth class matter instead of second class, since otherwise the revenues of the department will suffer by the transmission of commercial matter at second class rates.

State Department officials were much concerned this morning to learn of the renewed illness of Secretary of State Hay. The gravest fears are entertained that he will never be able to resume his place at the head of the department. Should his present indisposition continue he will probably retire from the Cabinet in the fall. It that case it is said that Mr. Joseph H. Choate, until recently the American Ambassador at London, will be chosen to succeed him as the head of the State Department, although Ambassador Whitelaw Reid, the present American representative at London, is also mentioned in this connection.

The State Department has issued a commission to John Barrett, formerly Minister to Panama, as Minister to Colombia, in accordance with the formal announcement made some time ago. George Jarvis Bowens, of Virginia, has has been appointed consul at Guadeloupe.

Although it was announced from Paris several days ago that the text of the French note to Germany in relation to the Moroccan situation had been communicated for information to the other powers it is declared at the State Department that it has not reached this government.

Thornwell Haynes, of South Carolina, has been appointed consul at Nanking, China. He has been in the consular service since 1900 when he was appointed Consul at Rouen. In March of this year an order was issued transferring him to the position of commercial agent at Vladivostok as successor to Richard T. Greenar, colored, of this city. Before he could start for his new post the Russian authorities issued orders compelling the withdrawal of all foreigners from Vladivostok in anticipation of putting that place in a state of siege.

The National Association of Electionists opened its 14th annual meeting here to today, at the Carnegie public library. Professor Robert I. Fulton, of Delaware, Ohio, president of the association, made his official address recounting the growth of the organization. The session will continue until Friday.

The Department of Justice makes the announcement that Assistant Attorney General Purdy has been placed in charge of the railroad rebate cases, including that against the Atchison, Topeka and Sante Fe, and that he has left for Kansas City to begin prosecutions, in accordance with President Roosevelt's directions.

Upon the result of the investigation into the $231,000 contract awarded to the Lanston Monotype Machine Company by Public Printer Palmer may depend the retention in office of that official.

Sir Mortimer Durand, the British Ambassador handed the President today a formal letter from King Edward, relative to the retirement of Ambassador Choate and the induction into office of Ambassador Reid.

Better Treatment for Chinese.

By direction of President Roosevelt, action has been taken by the administration which not only will facilitate the landing in this country of Chinese of the exempt classes, but will also eliminate from the Immigration Bureau such administrative features as have been the subject of criticism by Chinese. It is the declared intention of the President to see that Chinese merchants, travelers, students, and others of the exempt classes shall have the same courtesy shown them by officers of the Immigration Bureau as is accorded to citizens of the most favored nation.

Representations have been made to the President that, in view of alleged harsh treatment accorded to many Chinese seeking a landing in the United States, the commercial guilds of China have determined to institute a boycott on American manufactures. These representations, backed by the authority of the American Asiatic Society and commercial bodies throughout the country, induced the President to make an investigation of the situation.

As a result of the inquiry, orders have been issued to the diplomatic and consular representatives of the United States in China by the President himself that they must look closely to the performance of their duties under the exclusion law, and see to it that members of the exempt classes coming to this country are provided with proper certificates. These certificates will be accepted at any port of the United States, and will guarantee the bearer against any harsh or discourteous treatment.

In addition to the President's orders, Secretary Metcalf has issued instructions to the immigration officers which, it is said, will remedy the difficulty heretofore complained of by the Chinese government and individuals. It is hoped that the prompt action taken by this government to meet the objections made by the Chinese will eliminate the possibility of serious trade difficulties between China and the manufacturers of this country.

The investigation of the recent Lake Shore wreck at Mentor, Ohio, showed that the switch was opened intentionally; the fact that the train was going fast is not believed to have had anything to do with the wreck or the number of fatalities. This man was seen near the scene of the wreck early Wednesday night. The description of him tallies with that of the man who killed Burlison, and the fugitive is known as a desperate dope fiend. He murdered and robbed Burlison, a prominent West Side resident, after he had befriended him.

Serious Conditions in Poland.

Five prominent citizens of Lodz, Russia, telegraphed yesterday morning to Gen. Shustoff, commanding the troops there, asking for protection from the brutality of the soldiers, especially the Cossacks, who are continuing their ruthless slaughter. A particular instance was cited of Cossacks killing and robbing a servant of a millionaire of the name of Rosenblatt, who was carrying a thousand roubles to a bank. Gen. Shustoff promised to punish the culprits.

The most serious phase of the fighting between the military and strikers is at an end, but there are still isolated attacks in the suburbs.

At Baluty yesterday Cossacks attacked a Jewish family of five persons who were driving in a cab to the railway station and shot and killed all.

At Pabjanice, near Lodz, workmen attacked two policemen, and shot and killed one, wounding the other.

There is a general exodus from Lodz. Twelve thousand persons have already left.

During the disturbauces thirty-five government liquor stores were destroyed by the mobs, which appropriated all the cash and stamps found on the premises. The cash and stamps were added to the funds of the socialist party.

The workmen in all the factories will strike today.

The proclamation issued in Warsaw Saturday by the social democratic party of Poland and Lithuania, calling out workmen as a protest against the Lodz massacre, says: "In order to show solidarity with our brothers at Lodz we protest against the new and incessant crimes of the Czar's government. Warsaw must stop work. To morrow not a single factory or workshop shall work. All offices, banks, shops, restaurants and coffee houses must close. All traffic must cease. On Monday the red flag, the workman's flag, must float over the streets of Warsaw. Workmen, help your brothers arrange a general strike."

Bulldog Kills Baby.

Chicago, June 26.—Golden-haired Yvonne Davis, a baby of 18 months, playfully tossed a rubber ball to her father's pet bulldog yesterday and then toddled across the pavement, laughing merrily. As she stooped to recover the ball, the dog leaped upon her and fastened its teeth in her face, gnawing her savagely and shaking her frail body as if she were a kitten. A neighbor rushed to the rescue, beat the dog over the head with an iron bar and fired eight bullets into its body; but still it retained its grip on the child. After the dog was dead, it was found necessary to pry its jaws apart in order to release the girl. The baby died within ten minutes.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I than God for so valuable a medicine." For sale by Gibson & Timberman and W. F. Today's Telegraphic News

Peace Conference.

Washington, D. C., June 26.—The following statement was given at the White House this afternoon: "The President has received from both the Russian and Japanese governments the statement that the plenipotentiaries of the two countries will meet in the United States during the first ten days of August, and the President has expressed to both governments the wish that the meeting should take place if possible on the first of August, and if not on that day then the earliest thereafter."

The intimation comes from a high official source today that not only has the President been advised that an armistice at present between Japan and Russia is impossible of accomplishment but that the Japanese government may carry on her military operations in Manchuria until the signature of the peace plenipotentiaries are affixed to the peace treaty and the terms of the settlement of the war made final.

The reason assigned is not that Japan mistrusts Russia's motives in entering into the present negotiations along the line of the President's suggestion, but that the Japanese government cannot in in justice to herself permit her present advantages to be last.

Situation in Russian Poland.

St. Petersburg, June 26.—A message received here from Warsaw says that the Jewish quarter of the city is now in full revolt. It is expected that a repetition of the massacres of Lodz will occur in the Polish capital. Great crowds have assembled in the streets and these are being constantly sugmented. Barricades are being erected in various parts of the district, and street cars have been overturned to form the nucleus of such street defences. The shops and stores in the district are closed and business is at a standstill. Bloodshed threatens to develop at any moment, as both the troops and the people are in an ugly mood. Thirty-four battalions of troops are bivouacked in the streets, giving it the appearance of a camp, and patrols are circulating everywhere. The slightest altercation between the people and the soldiers is almost certain to bring on a riot.

At Czenstochau, last night, a bomb was thrown at the chief of police as he was riding in a carriage. The officer and seven civilians were seriously wounded.

Lodz, Poland, June 26.—Lodz, this morning, presents the appearance of an armed camp. Troops hold the streets and no citizens are allowed to leave their homes without a permit. The town has been declared by M. Maximovitch, Governor General of Warsaw, to be in a state of siege, and General Schutleworth, commander of the Lodz district, has been placed in command of the troops, which hold the city.

The awful slaughter of Friday and Saturday has had a quieting effect and there has been no general fighting such as marked those two bloody days. In the outskirts of the town brawls between civilians and soldiers have occurred at intervals, but there has been little bloodshed. The brutality of the soldiers has greatly alarmed even the rioters, who prefer keeping out of the way of the Cossacks and dragoons. All industry is at a standstill today. The stores are closed and no factories are operating. Many people have left the town, and others are hastening preparations to get away until the troubles are over.

Warsaw, Poland, June 26.—The social democratic party of Poland and Lithuania did not succeed in bringing about a general strike in Warsaw today, as directed in the proclamation issued on Saturday, calling out all workmen as a protest against the massacre at Lodz. Many of the factories are closed, and some of the stores and shops are affected but the strike is far from being general. The strikers have picketed the factories and efforts are being made to call out the men who are working. In several instances workmen who refused to listen to the demands of the strikers were shot by the pickets as they started to enter the factories. Troops hold all the principal streets and the public squares this morning, and the soldiers have orders to fire upon the slightest provocation. No newspapers made their appearance this morning. The casualities during the riots as estimated today were 561 killed and over 700 wounded, many of them seriously. General Schuttleworth declares that order has been restored.

St. Petersburg, June 26.—Following the riots which have occurred at Lodz and the disturbances at Warsaw, reports reached here today of serious agrarian disturbances in another part of Russia. In the Kharkoff district of European Russia, the peasants have arisen and have burned the domains of several land owners. The local authorities are powerless to deal with the peasants and have wired for troops.

Secretary Hay's Condition.

Newbury, N. H, June 26.—Secretary of State Hay is reported this morning to be more comfortable. His condition yesterday was such that it was deemed advisable to summon additional medical aid, and a special train arrived here at 1:30 this morning, bringing another physician from Boston. It is said by those in attendance on Mr. Hay that he is suffering much in the same manner as before he took his trip abroad. Secretary Hay is suffering from a uraemic condition, the third serious attack of the kind he has had in the past four years. He has suffered a number of slight attacks, but many of them he has been able to relieve without the aid of a physician. When he was stricken Sunday evening he tried to relieve himself with the same remedies he had used before, but without success.

Dr. Cain, of Newport, said today that the members of Mr. Hay's family were greatly alarmed over Mr. Hay's condition last night, and there was some thought of the wisdom of performing an operation. However, when the Boston surgeons arrived and when a consultation was held, this was believed not to be necessary.

While Secretary Hay is suffering severly his condition at present is not dangerous.

Miss Rogers's Disappearance.

Saranac Lake, N. Y., June 26.—Careful search has failed to reveal the whereabouts of Miss Mary Rogers, daughter of Alexander Rogers, of Leesburg, Va., and a niece of the late Governor Oden Bowie, of Maryland, who disappeared from the Andrew Baker cottage yesterday morning in such a manner as to arouse the authorities to make an investigation. Bloodhounds from the Dannemore prison will be set on the trail today. The wire window screen of Miss Rogers's room had been cut and there were evidences of a struggle in her room. Miss Rogers came here in company with Miss Janney, a trained nurse, and Willoughby N. Smith, a Baltimore lawyer. Miss Rogers, who is thirty years old, has been a sufferer from tuberculosis for three years. It appears that Miss Rogers had been left a large fortune, a part of which she lost in speculations placed in the hands of Dr. Woodend of New York, who failed in a spectacular manner a year ago. Since then her illness has been aggravated and she became very despondent. Her counsel says he fears she has committed suicide.

Mr. Beach Resigns.

Washington, June 26.—U. S. District Attorney Morgan H. Beach, of this city, resigned today. In his letter accepting Mr. Beach's resignation Attorney General Moody said. "I have received your letter today tendering your resignation as United States Attorney for the District of Columbia. I am directed by the President to accept the resignation to take effect at the close of business August 31st. I hope you will find it convenient to continue your services until that time. During the incumbency of your office a large number of exceptionally important cases have been under your care. The President and I wish you to know that we appreciate fully the industry, ability and fidelity with which you have performed your varied duties. We join in wishing you, upon your return to private practice, health and prosperity." Mr. Beach intends to return to his private practice.

Reports Denied.

London, June 26.—In the House of Commons today William St. John F. Brodrick, secretary of State for India, denied the reports that Lord Curzon has resigned his position as viceroy of India.

Premier Balfour made the announcement to the House that the Russian government has expressed its disapproval of interference with British shipping in the far East, by Russian cruisers, which will make the outrages which have occurred recently impossible.

The expression from the Russian government was brought out by the representations made to St. Petersburg, by England, following the sinking of the St. Kilda, which was sunk since the great naval battle in the Sea of Japan by the Dnieper.

Duchess Rouchecafould a Mother.

Paris, June 26.—A son was born this morning to the Duchess de la Rouchecafould, who was formerly Miss Mattie Mitchell, daughter of Senator Mitchell, of Oregon. Miss Mitchell was married to the Duke de la Rochecafould in the church of Saint Clotilde, Paris, on Feb. 11, 1892. Whitelaw Reid, who was then Minister to Paris, gave the bride away, and the wedding was attended by prominent members of the French aristocracy as well as members of the American colony.

The Chinese Boycott.

San Francisco, June 26.—According to reliable information Chinese merchants of this city, are taking steps to aid the exclusion of American goods from China. They hope such a policy will cause the Chinese exclusion act to lose friends in this country. Six local Chinese firms are said to have held a meeting and endorsed a movement to boycott American goods until the exclusion act is modified or repealed. It is further claimed that a representative will be sent to China to aid in conducting the boycott.

House Wrecked by Lightning.

Mrs. Lee Jennings and her two children at Amherst, Va., had a narrow escape from death Thursday night. The house in which she and her two children were alone was struck by lightning, and both ends of the house were torn to pieces. Yet the room in the center of the house in which she way staying was not injured, and the mother and children were not even badly shocked. The house is on an isolated spot on Baptist Hill. Mrs. Jennings and her two children were alone about 11 o'clock at night when the lightning struck the house. It seems to have struck the center of the house and followed the two tin valleys in the roof to both ends. The rooms on each end of the house were torn to pieces. Large pieces of the framing in the walls of the building were knocked out. The house can be entered from a number of places through holes knocked in it by the lightning. A large part of the plastering in these rooms was knocked off. Many of the dishes in the dining room were broken. The damage to the houses will amount to several hundred dollars.

Killed His Baby Brother.

Willie Smith, the nine-year-old son of Mr. and Mrs. George Smith, who reside in the Brooklyn portion of Port Jervis, N. Y., early yesterday morning, shot and killed his baby brother, Harry, 18 months old, with a double-barreled shotgun. Mr. Smith and his eldest son are employed by the Erie Railroad Company and had gone to their work when the tragedy occurred. The mother left the two children playing in the parlor and was combing her hair in an adjoining room when she heard the report of a gun. On opening the parlor door she was horrified to see her baby boy lying on the floor and a portion of its breast torn away and dead. Willie, with the gun in his hands, stood aghast and speechless at the result of his act. The neighbors came pouring in the house and the frightened lad ran like a deer to the mountains nearby. He was found and brought back, but could give no intelligent account of the shooting. The gun belonged to the eldest brother and stood in a corner of the room, supposedly not loaded.

The bones of at least five people have been found in the hull of the Gen. Slocum in which 1,031 lives were lost in June 1904. The hull of the boat is lying at the foot of 27th street, Camden.

Letter to Norton and Boothe.

Alexandria, Va.

Dear Sirs: What would be the result of selling a poor paint with this guarantee?

"If you have any fault to find with this paint, either now in putting it on, or hereafter in the wear, tell your dealer about it. We authorize him to do what is right at our expense."

That means pay damages, don't it?

Here's another guarantee:

"If your state chemist finds this paint adulterated, we will pay his bill, and send you $1,000."

We stand by both of these guarantees; as we are the maker, we know all about it.

Yours truly,

Arrival of Italian Cruiser.

The Italian cruiser Dogali arrived off this city this morning and anchored in the river between Queen and Princess streets. As the Dogali passed Fort Washington she ran up the U. S. flag and saluted it. The Italian flag was subsequently floated at the fort and the salute returned. The commander and officers of the ship will be entertained at the Italian embassy in Washington. From this port the Dogali will go to Baltimore and Annapolis and then return to Hampton Roads for coal before returning to the West Indies.

The Dogali is a second-class cruiser of 2,510 tons, draws 16 feet of water and has on board 248 men. She sailed from Venice some time since and has been cruising in the West India islands. Shortly after dropping anchor off this city she was boarded by Dr. Snowden, the marine hospital surgeon for this port, who gave her a clear bill of health. The vessel was visited today by the Italian Consul at Washington, and later some of the officers of the vessel came ashore here and proceeded to Washington.

Church Notes.

The feast of Corpus Christi was observed yesterday at St. Mary's Church with appropriate services.

At St. Paul's Church Rev. Berryman Green, D. D., of the Theological Seminary, preached an interesting sermon before a large congregation.

At the benediction service at St. Mary's Catholic Church yesterday evening the recently organized male choir sang and made an excellent impression. There were twenty-two voices, led by Mr. P. F. Downey, the assistant director, and both the leader and the singers were heartily congratulated by Father Cutler and the members of the congregation after the service.

Rev. J. Pointz Tyler, Archdeacon of this Episcopal diocese, yesterday at Christ Church gave an interesting address on the subject of missionary work in the diocese. During his remarks he congratulated the State on her material improvement, but regretted that the home life in Virginia is so sadly changing.

Approaching Completion.

The double tracking of the Washington Southern railway and the Richmond, Fredericksburg and Potomac Railway from Washington to Richmond is rapidly approaching completion, and it is stated that by the latter part of July the new road will be completed and trains will be running over it. Except for two or three short stretches of road the new track is in use from Richmond north to a point within eight or ten miles of this city. In some places the old roadbed has been utilized, but at others the new tracks run a quarter of a mile away from the original line, in order to do away with unnecessary curves. In building the new track it was the object of the engineers to do away with all curves and grades as far as possible, and in order to do this deep cuts and high fills have been made, and many a stream bridged. It is stated that the new line is as near level as it is possible to make it.

Drowning Accidents.

Mr. Robert Bruce, a former resident of Alexandria, was drowned off Clifton Beach last night. Mr. Bruce, who had recently resided in Washington, went from that city with a party of excursionists in a naptha launch and while seated in the boat, which was on its way up the river, he accidentally fell overboard and drowned before he could be rescued. The deceased leaves a widow and three children.

A youth, whose name could not be learned, was drowned on the Maryland side of the river opposite this city yesterday evening. The boy was wading near the shore when he stepped in a hole made by a sand dredge and being unable to swim was drowned.

Disturbers of the Peace.

About midnight Saturday night a crowd of young men who congregate at the corner of King and Payne streets started a row which disturbed the entire neighborhood. Officers Beach and Lyles hastened to the scene and succeeded in arresting two of the offenders. Later Officers Knight, Arrington and Ferguson succeeded in taking six others into custody. The prisoners were arraigned in the Police Court this morning, and the case continued in the absence of certain witnesses. King and Payne streets has long been one of the storm centres of Alexandria, and complaints of gatherings in that vicinity have often been made to the police. The policemen are endeavoring to produce better conditions at all points where segregations of boys and young men annoy quiet people.

Tramps Killed.

As was stated in the Gazette, a northbound Richmond, Fredericksburg and Potomac freight train was wrecked by a landslide a short distance below Fredericksburg late Friday night. Two tramps, who were aboard, were killed. They were identified by union cards in their possession as John O'Donohue, of Aurora, Ill., and John Ballard, residence unknown. Donohue's parents were notified, but before any answer arrived the bodies were buried some distance from the track in the woods near the scene of the wreck. Donohue's remains will be disinterred and shipped home.

Wanted to Jump the Gates.

Late Saturday night a colored man drove a horse attached to a wagon up King street to Fayette, where he found that the railroad gates had been lowered in order to allow a train to pass. Strange to say, he attempted to force his horse over the gates, and Gatekeeper Carnell was compelled to take hold of the bridle and make the animal back away from the barrier. The driver's strange conduct caused some excitement in the vicinity.

Circuit Court for the County.

[Judge C. E. Nicol presiding.]

Willis vs. Cleary; judgment for plaintiff for $28.

Court will adjourn this evening for the term.

Land Slide.

The afternoon train on the R., F. & P. Railroad left Richmond on Saturday at 12:05 p. m. with two large cars full of ladies and children, including several infants, and a number of gentlemen in other cars, for Washington, and made good time until about half-past one, when its progress was suddenly arrested by water on the sides of the road as high as the tops of the fences. It appears that there was a tremendous downpour in Caroline and Spottsylvania, which rushed suddenly down toward the Pamonkey river and that in the space of a mile and a half the tracks were covered and a hundred and fifty yards suddenly sank into the river, the ground on its banks going way. All travel was thus stopped until after eleven o'clock p. m. and as there were no provisions on the train there was an enforced fast except for a few who shared in a very unsatisfactory supper provided by a colored employee. The company soon had a heavy force at work filling in with cinders, making a new bank with stones and replacing as well as could be done under the circumstances one of the tracks. Over this the 12:05 train, due here at 3 p. m., passed very slowly and carefully and reached the other side greatly to the satisfaction of the passengers, who thought it a very dangerous thing to do. The train soon reached Fredericksburg, and after passing the Rappahannock made its usual time to Alexandria and Washington, getting to the latter city a little before two on Sunday morning.

The Rixey Libel Suits.

A considerable portion of the summer term of the United States Circuit Court, which opens in this city July 3, Judge Edmund Waddill presiding, will be taken up with the libel suits of Representative John F. Rixey of this district, and C. J. Rixey, of this city, against C. A. Stevens for damages, in each case in the sum of $30,000. The declarations of the plaintiffs charge malicious defamation of character. Both cases were removed from the Circuit Court of Fauquier county to the United States Court for trial at Norfolk, but later they were transferred to the court at this place. In his declaration Representative Rixey charges that the defendant published a letter, using the terms "thieves like Rixey," "spoils," "blood," "holdup," "jackal," "cloven foot," "hocus pocus" and others of a like character in reference to the plaintiff and his actions in public life. "By means of which" it was stated, "the plaintiff has been and is greatly prejudiced in his credit and reputation and brought into public scandal, infamy and disgrace." Numerous counsel will take part in the case, which is expected to furnish an interesting legal battle. The plaintiff is represented by Attorneys Rixey and Barbour, of Culpeper; Keith & Keith, of Warrenton, and C. M White, of Warrenton. The attorneys for the defense are R. Walton Moore, of Fairfax; Eppa Hunton, jr., of Richmond, and E. Turner, of Warrenton. The same counsel will conduct both cases.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning.

Cecelia Keys, colored, arrested by Officers Nicholson and Bettis charged with drunken and disorderly conduct, was fined $2.50.

Eight young men, arrested by Officers Beach, Lyles, Arrington, Ferguson and Knight charged with disorderly conduct and fighting at King and Payne streets, had their case continued.

William Johnson, arrested by Officers Arrington and Knight charged with being drunk in the street, was dismissed.

Ernest Page, colored, arrested by Officers Smith and Bettis charged with gambling, had his case continued.

Joseph Harris, colored, arrested by Officers Smith and Bettis charged with disorderly conduct, was fined $5.

Harry Carter, a colored boy, was arrested this morning by Officer Henderson charged with stealing $2.50 from a residence on Queen street.

Injured by a Train.

Samuel Tillett, who lives near Addison Heights, Alexandria county, was seriously injured late Saturday afternoon on C street, between Twelfth and Thirteenth streets northwest, Washington. He attempted to jump upon a moving car on the Washington, Alexandria and Mount Vernon Railway, missed his hold and fell. He was struck in the back by one of the trucks and knocked from the rail. He was picked up and later taken to his home at Addison. The injured man, who had some of his ribs broken, one arm cut besides sustaining internal injuries, was attended by Dr Wilkins, of this city.

Tracks Repaired.

The traffic on the Southern Railway, which was interrupted by damage to track and trestles by Saturday's rainstorm, was resumed about noon yesterday after the two wrecked trestles near Lynchburg were repaired. Before that, however, the through trains were transferred around the city over the Durham division of the Norfolk and Western, a special connection track being laid at Durham for that purpose.

S. civil service commission for the position of clerk-carriers will be held at the postoffice in the this city on July 8, commencing at 9 a. m. Application for this examination must be made on the prescribed form. Applications will not be accepted unless received before 4:30 o'clock July 6.

Police Commissioners.

An adjourned meeting of the Board of Police Commissioners will be held at 8 o'clock tonight to consider the report of the grand jury, in which the police force was charged with being in a chaotic and unsatisfactory condition. Mr. Worth Hulfish, the foreman of the grand jury, has been summoned to appear before the board.

Waived Examination.

Arthur Wall, president of the Maryland Telegraph Company, at Kenilworth, and Percy L. Pumphrey, owner of the building in which the office room of the telegraph company is located, were before Judge Carr, at Hyattsville, Saturday, on warrants sworn out by Allen W. Mallery, charging them with violating the poolroom act of the Maryland legislature. Robert W. Wells and George P. Hoover, counsel for Messrs. Wall and Pumphrey, waived an examination and gave bond for the appearance of their clients at the October term of the court. Mr. Mallery was the only opponent of the poolroom present when court convened. He acted in a dual capacity, as prosecutor and prosecuting witness.

The mercury today registered 87°.

Why?

Why do we always talk of putting on our coats and vests when we always put on first our vest and then our coat?

Why do we refer to the coverings of our feet as shoes and stockings when the stockings are first put on?

Why do we invite people to wipe their feet when we mean their shoes?

Why, in the olden times, did a father tell his son he would warm his jacket when every one knew he meant his pantaloons?

French Mothers.

There is one thing that French mothers do not do enough. That is to separate from their growing boys, to send them to the school of life outside the home and into situations where they must look after themselves. The mother's happiness is complete only with her children around her. Let life not keep them too much apart. From this arise too fearsome ideas of distance and a too timid attachment to the natal soil or the maternal city.

The difficulty is that it is very reluctantly admitted among the French that the time must come for the nestling to use its own wings. I have seen most excellent parents worry themselves nearly to death because a daughter will not acquiesce in their ideas or wish to accept the husband of their choice. To a son or a daughter very devoted but independent it is often said, "You love me no longer."

But if we have touched here upon a somewhat delicate point the good will and love of the French mothers are above all praise, even if sometimes farsightedness and breadth of mind be somewhat lacking.—Charles Wagner in Cosmopolitan.

Queer Hatching Processes.

The Chilean frog, known also as Darwin's frog, is unique in its method of hatching eggs. The female is not abnormal, but the male has a large pouch which underlies its whole body and is connected with its mouth by two openings, one on either side of its tongue. When his mate has laid her eggs this devoted parent takes them into his fore paws and places them inside his mouth, whence they presently pass by the two passages into the expectant pouch. Here they remain in warm and safe seclusion until they are hatched and emerge as newborn tadpoles to the light. The breeding habits of the midwife frog are not less singular. He winds the strings of new laid eggs round his hind legs and vanishes into a convenient hole till they are hatched. The Surinam toad places eggs one by one in hexagonal cells formed in the back of the mother toad, whence in due time they hop out, not tadpoles, but perfect toads.

The Ease of Normal Death.

According to a scientist, the immediate cause of death in all but very exceptional cases, such as accident, is the poisoning of the nervous centers by carbonic acid, which accumulates in the blood owing to the failure of the arrangement for its removal. "This gas is an anaesthetic," he explains, "and has, indeed, been employed as such, both locally and otherwise. This property of carbonic acid may be termed a merciful provision of nature. Normal death is a painless occurrence, usually preceded by gradual loss of consciousness entailing no more suffering than going to sleep. The accumulation of this merciful gas often induces muscular contraction or spasms, which are preceded by loss of consciousness, but which may have suggested to uncritical observers that their moribund subject was in agony.

Lucky.

A story that comes from Ireland relates to the custom among farmers there of depositing money in the bank in the joint names of husband and wife, so that when one dies the survivor can draw out the money without any legal formalities.

To a farmer who recently made application for money deposited for himself and his wife the manager asked: "Why, Pat, how can this be? It is not much more than a year since you came with a similar application on the death of your wife."

"Well, your honor," was the reply, "I'm a bit lucky wid women."—Harper's Weekly.

The Perfect Prescription.

A patient at a metropolitan hospital goes away best satisfied when he is given something to drink out of a bottle. The drinking, according to ancient ritual, must not be less often than three times a day and the ceremony must have some reference to meals. The draft to be efficient should be colored. It must have a marked odor, so that he may invite his friends to smell it. It should be loathsome to the taste, so that the taking of it may call for some heroism. Above all, it needs to possess an evil looking sediment which will require a formal shaking of the vial.—London Hospital.

Paternal Confidence.

The Young Man (with some embarrassment)—There is one question you haven't asked me yet, Mr. Hurpop. You haven't wanted to know whether or not I think I can make a living for your daughter. The Other Man—That isn't necessary, Henry. She'll see that you make the living, all right, if she's at all like her mother—and I think she is.—Chicago Tribune.

Made Up For It.

"Do you remember, love, twenty years ago we sat one moonlight night by this lake? I had my head on your breast and for an hour spoke not a word."

"Yes, and it has never happened again since."

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption Coughs and Colds, which entirely cured my cough, and saved me from consumption." A grand cure for diseased conditions of Throat and Lungs. At E. S. Leadbeater & Sons, druggists; price 50c and $1.00, guaranteed. Trial bottle free.
